

BUDGET INSTRUCTIONS

The proposing agency must submit a complete budget summary that would include the following, if applicable:

CLASSROOM/VOCATIONAL/WORK BASED LEARNING ACTIVITIES

Participant Fees: This amount should represent payments of tuition, fees, books, supplies and materials for participants enrolled in classroom/vocational/work- based learning activities.

Staff/Supervisor Wage & Fringe: These amounts should represent payment for staff wage/fringe for portion of project and payment for supervisors' wage/fringe for work-based learning portion of project

DIRECT STUDENT COSTS

Student Stipends (Classroom Activity): This Represents payment of stipends paid to students while participating in classroom activity. The amount of \$7.25 per hour should be used. No fringes or taxes are taken from students' stipends. **Stipends will be paid by LWDA #19 directly to client.**

Student Wage/Fringe (Work Based Learning Activity): This represents payment of wages and fringes to students while participating in work-based learning portion of the project. The amount of \$10.00 per hour is to be used for all participants ages 14-24. **Wage/Fringe will be paid by LWDA #19 directly to client.**

TRANSPORTATION

Customer Transportation: This amount represents payments necessary for transportation to enable the enrollment and participation of participants in the activities.

OTHER COSTS: This amount represents payment for training supplies, materials, printing, staff travel, facility rental and other goods and services. **This amount cannot exceed 20% of the total contract.**

TOTAL BUDGET: The total budget is the total of all costs combined.

TOTAL CONTRACT: The total contract minus customer wage/fringes and stipends.

IMPORTANT TO REMEMBER

- When calculating staff/supervisors' wages you should use the fringe rates subject to your agency; not necessarily the same fringe rate used for customers
- The workers compensation fringe for customers has been excluded in calculations. Worker's compensation is provided by LWA #19.
- An equipment inventory list must be included with any proposal with line items requesting the acquisition of specific equipment.
- It is very important to include any costs the agency will be providing in order to operate this project. These can be direct or in-kind
